

ehs policy

At SUEZ- Water Technologies & Solutions, we are committed to:

- Achieving EHS excellence
- Meeting and exceeding customer expectations
- Complying with applicable EHS laws, regulations & standards
- Providing employees with a safe and healthy working environment
- Considering EHS impacts in all SUEZ's WTS business strategies and initiatives.
- Managing and controlling risks from SUEZ's WTS facilities, products, services and activities
- Protecting the environment by reducing use of toxic and hazardous materials, preventing pollution, and conserving, recovering & recycling materials
- Continuing to improve our EHS systems and performance as an integral part of operational strategy & rhythm
- Eliminating hazards and reducing H&S risks faced by our employees
- Communicating and consulting with our employees on the issues that concern them.
- Reporting and auditing our environmental performance to improve accountability
- Implementing our 10 Life Saving Rules to avoid severe accidents

SUEZ's Water Technologies & Solutions will strive to prevent adverse impact and injury to the environment and the communities in which we do business. Our programs combine clear leadership by management, the participation of all employees, functions, contractors and the use of appropriate technology in developing and distributing SUEZ's WTS products and services.
